Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 06 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Winds easing but further showery outbreaks of rain to come.

This Evening and Tonight:
Rather cloudy with outbreaks of showery rain, particularly across western parts. Rain largely peters out overnight before further showery outbreaks occur in the west around dawn. Winds easing through the night. Minimum temperature 13 deg C (55 deg F).

Wednesday:
Residual rain from overnight mostly clears in the early morning. Scattered showers will follow with bright spells for some in the afternoon. Showers dying out through the evening. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
A mix of sunny spells and showers through the outlook. Showers mostly light on Thursday and Friday. Cloudy with some rain on Saturday, but drier and brighter to the northeast.
